MEMORANDUM FOR: Director of Economic Research

SUBJECT: Appreciation

25X1A9a 1. You will recall that some months ago, we made arrangements with you and [REDACTED] for the OER Publications Staff to process our Intelligence Memoranda and reference aids for publication, taking advantage of slack periods in the workload of the Staff.

2. I want to express our very great appreciation for the work that the Staff has done for us. The result has been a much more attractive product both because of the skill of the publications typists and the use of the new MTST equipment. We want to express our gratitude to [REDACTED] 25X1A9a and the Staff for this very fruitful collaboration, and for their continuing helpfulness.
